Lucknow, UP, 226001, India

"Full Stack Web Developer skilled in MERN stack and DSA with C++. Experienced in building dynamic web applications, e-commerce platforms, and engaging UIs. Proven track record in team projects, problem-solving skills, and delivering innovative solutions."

Work Experience

Summer Internship
Jun 2024 - Jul 2024

[IKIGAI](#) | *Lucknow*

During my summer internship, I focused on mastering Data Structures and Algorithms (DSA) using C++, and honed my skills in the MERN stack (MongoDB, Express.js, React.js, Node.js) to build efficient, full-stack web applications.

Projects

Amazon
Oct 2023 - Nov 2023

Developed a replica of Amazon's website with core features like product browsing, cart management, and checkout.
Utilized JavaScript for dynamic content updates and user interactions.
 Implemented responsive design using HTML and CSS to ensure compatibility across various devices.

- HTML, CSS, JS

Animated Landing Page
Apr 2024 - Apr 2024

Created an animated landing page with dynamic CSS and JavaScript animations.
 Implemented smooth transitions and hover effects to enhance user experience.
 Ensured the page was responsive and interactive across different devices and screen sizes.

- HTML, CSS, JS

Travelling Website
Jul 2024 - Jul 2024

Developed a comprehensive travel planning website using React JS.
Implemented features such as destination search, itinerary creation, and user reviews.
Focused on delivering a user-friendly and responsive interface to enhance the travel planning experience.

- ReactJS

Personal Portfolio
Jul 2024 - Aug 2024

Created a personal portfolio website to showcase projects, skills, and contact information.
Designed with a clean and modern aesthetic, featuring sections for an about me page, project gallery, and a contact form.

- HTML, CSS, JS
